Right now, politicians are pushing to bring in abortion for unborn children with disabilities. They want to get rid of the 8th amendment of our constitution which protects both mother & baby, and is the **ONLY** legal protection unborn babies have. We need to send them a strong message - leave our constitutional protection of Life alone!

Join thousands of others to help make the All-Ireland Rally for Life the biggest pro-life event of the year! Bring family and friends to celebrate LIFE, and to **STAND UP** for LIFE on July 4th.

LIFE

We rally because unborn children with disabilities are being targeted by abortion campaigners; so this year's Rally has a powerful message: **Every Life Matters.**

The right to life should be protected and people like Mary Bridget deserve our special protection.
